April 13, 2020
Greetings QRC Family,

We hope everyone enjoyed Easter with your families. As we continue to deal with the virus, we are aggressively working on our plan to re-open.

We hope everyone was safe from the tornados yesterday. We had several crewmembers affected. The devastation in Chattanooga is terrible. Please keep the people affected by this tragedy in your thought and prayers

With that said, we are going to open Elizabethton this Thursday. This will afford us the opportunity to get our systems and checklist in place for a successful reopening. More to come!

Human Resources Corner – Kristi White, Director

We have made it through another week! I want to thank everyone for the questions and concerns. Please keep them coming! If you are in need of something, I am happy to research the resources.

I have been getting reports Unemployment has started to trickle in. Please be patient if you have not received your unemployment benefits yet, it can take up to 21 days . If you have received a determination letter and are not quite sure how to read it, please email hr@qrcllc.com and I can help you with that. Also, I would like to remind everyone to please make sure you are certifying your unemployment every week. If you fail to do so, then you will not receive any more benefits and will have to reapply. Please keep checking back on the company website for additional resources.

I would also like to say, thank you for being patient with the Support Center Team. We are all working hard to help everyone out during this COVID-19 crisis. We will get through this and hopefully when everyone starts to receive their benefits, you all can take a deep breath of relief. Enjoy your time with your family and stay safe.
